

# A Payroll Leader for SMBs...

According to the Leading  
Research Firm ISG

For every small and medium-sized business, ensuring that payroll processes efficiently and smoothly are essential. But for many, there simply isn't enough time to navigate the complexities that accompany the process.

ISG, a leading global technology research and advisory firm, recently analyzed multiple payroll providers that serve companies with fewer than 1,000 employees. In their final report, they named isolved a leader in payroll processing.

An accelerated  
implementation process

Powerful and easy-to-  
access analytics

Impressive automation  
throughout the platform
