

# The Solution That Pays for Itself

In a study commissioned by isolved, analyst firm Nucleus Research found that isolved People Cloud has a payback period of just over seven months!

To make this determination, Nucleus conducted in-depth customer assessments, performed a full technology review and followed NASBA-approved ROI methodology.

Nucleus found that isolved's customers experience...

## 201%

ROI over a three year period

## 7.2 months

Average payback period

And that's not all! Over a three-year period, isolved delivers...

### Reduced Paper Costs

90-95% Reduction in paper and printing costs

### Lower Maintenance Costs

4-25% Reduction in HCM technology cost

### Enhanced Payroll Productivity

70-88% Reduction in payroll administration

### Simplified Scheduling

90% Increased scheduling productivity

### Better Benefits Administration

25-50% Increased benefits productivity

### Improved Onboarding

50-75% Reduction in onboarding time

Here's what our customers had to say...

"End-of-year things like W-2s, benefits, and COBRA have all become easier to manage because we don't have to go through different platforms and portals."

"I love the simplicity of the system and stress-free payroll process."

"isolved allows you to wear the HR hat, even when you are not in HR."

"Cloud-based accessibility was not only a huge time savings, but our old software only had a certain amount of licenses. There was a massive saving there, as we don't need as many licenses."
